Issue 1/18

From the Desk of Mr. Jackman-

Welcome back everyone, we hope you all had a great holiday. This is an exciting time of year with sooooo much going on! We wish all of our teams the best of luck this month! By the end of January, we will be into the region finals in wrestling, and swimming. Both the girls and boys basketball teams will be in the thick of region play. Our high Steppers, winter color guard and cheerleaders will also be finishing up their seasons and be preparing for their final competitions. Good Luck to all of our Bears!

In January, we also have parent teacher conferences on the 8th. For all the Junior class, we will be continuing our ACT prep as the day for the ACT test approaches the end of February. Wow, January truly is a busy time of year, so we wish every one of our students and staff the best of luck and a wonderful start to a new year!

The Ag department just got a whole lot prettier, thanks to this year's hiring of 2013 BRHS Graduate **Melissa Lucas Ingram**. While here at our school, she was active in FFA, Madrigals and played tennis. A Portage native, she attended Utah State where she met her husband, Colton, also an Ag teacher candidate. Colton graduated from Box Elder, but they didn't meet until college.

Melissa is teaching many subjects this year, including Small Engine, Natural Resources, Greenhouse and Animal Science. You may not know, but Mrs. Ingram writes her own songs, sings and plays the guitar. We are so lucky to have Melissa Ingram on our staff. Everyone give her a great, big welcome!

KHLOE'S WISH

It was during Khloe's bath that her mom first noticed a lump on her stomach and immediately took her to see a doctor. She was transferred to the local children's hospital and eventually was diagnosed with cancer. Khloe had to have her left kidney removed. Shortly after this procedure, she had a relapse in her lungs, resulting in a second surgery that removed her left lung. Khloe is a fighter and is currently living with one kidney and one lung. Although Khloe has battled more than most people, she doesn't allow her condition to keep her from loving life. In fact, her parents state that many people never know what she goes through because Khloe keeps such a positive attitude and outlook on life.

When Khloe was asked to declare a wish, she knew Hawaii was her ultimate dream destination! Her cousins had gone to Hawaii once, and ever since then, she has been fascinated with one day visiting the island. Khloe watches Youtube videos about Hawaii, nonstop. Her favorite movie, Moana, was sparked because it highlights Hawaiian culture. Khloe is looking forward to getting a massage in Hawaii, splashing in the beach, and taste testing all the fresh Hawaiian fruit!

Khloe is very outgoing. She loves riding with dad on his Harley motorcycle. She also enjoys playing outside and loves to just be a kid. Khloe has grown up on a healthy diet and is obsessed with vegetables—especially broccoli! This past Halloween, she went trick-or-treating (and since she isn't allowed to eat the candy) Khloe pitched her idea to her parents that she would set up a candy stand and sell back all her Halloween goodies!
